

Galvanized Shutter Fans

GSF SERIES

Smooth, reliable, maintenance free operation designed for light commercial use.

Canarm's GSF series wall exhaust fans are ideal for light commercial applications. They feature smooth, reliable, maintenance free operation. Available in 10" to 30" sizes - 3 speed pull chain on all sizes except the 30" which is 2 speed. The fans have a galvanized frame with aluminum shutters.

FEATURES

- Available in 10" to 30" sizes
- 600 to 5000 CFM
- Totally enclosed, class B insulation, thermally protected 120V motors
- 3 speed pull chain on all sizes except 30" which is 2 speed
- Galvanized frame with aluminum shutters
- Includes 25" pull chain and 6' long cord and plug
- Complete with adjustable thermostat and bypass, temperature range 32° F to 130° F (0° C to 54° C)

THERMOSTAT CONTROL PANEL

PERFORMANCE SPECIFICATIONS

Model Number	Propeller Diameter	CFM	Motor RPM	Motor HP	Full Load Amps	Bearing Type	Speed Control	No. of Shutter Blades
